We would like to welcome Jason Land as the new Business Manager for the Far West Agribusiness Association. Jason will be working with Denise Pitts during her transition and will take over completely on May 1, 2016 upon Denise's departure. Denise will also continue her role as Business Manager until then, in order to ensure a seamless transition for the FWAA.

Jason comes to us from a previous role as Business Manager for Luminant Power, the largest power utility company in Texas, and has recently moved to the Spokane area to be closer to family. He has a bachelor's degree in Business Finance, an MBA from the University of Texas, and brings extensive knowledge and expertise in running all the business aspects for Luminant's training facility.

In addition to his financial, business consulting, and training background, Jason and his family have a passion for the outdoors. His wife, Autumn, and his two children, Aris and Zander, look forward to taking advantage of all that the Pacific Northwest area has to offer.
