H405	Unfair Sales Act Repeal	Senate 1st reading	Business	Repeal the Unfair Sale Act, Chapter 4, Title 48, Idaho Code. This depression-era statute became law in 1939 and, with limited exceptions, required merchandise to be marked-up over cost by a minimum, statutorily-set amount. Today, it is common for merchants to offer their wares at or below cost as an inducement to patronize the merchandiser and purchase other goods. Although the law is generally not enforced, its violation is a misdemeanor carrying fines and jail time. As the enforcement of such a price-fixing scheme would harm consumers and reduce competition, this Act should be repealed.	Passed House on 2/7 with 60-10-0 vote. Sent to Senate, waiting committee assignment	Support
H455	Farm Equipment Agreements	DONE	Business	Provides clarity to dealer protection statute to help put dealers on a level playing field with equipment manufacturers. This would diminish dangerous competition for dealers by preventing manufacturers from selling directly.	DONE - see H526	Monitor
